“ Though I've not been in touch in a number of years, Mr Elliott, Judy, Matt, and Dusty hold a very special place in my heart and always will. All were a big part of my life for at least a decade, and played a major role in my formative years, as we spent many hours working and traveling together. Mr Elliott's wry smile is etched fondly in my memory as I remember many times he hesitated to laugh, but just couldn't help showing his sense of humor. He taught me much about hard work, respect, and kindness. All of his students knew that he cared about them. Much love to Judy and Matt.

“ Judy, my heart aches for you, Matt and Jackson. Glen was a wonderful friend. Darrel thought a lot of him and I heard him tell lots of people that Mr Elliott was the best superintendent that he ever worked for. We both enjoyed your friendship while we were at Burlington and even after we moved. Darrel also enjoyed and appreciated Glen helping him and Brian get started showing cattle. He will truly be missed.

“ I first met Glen when he was my instructor at show cattle camp and later on, when he and Judy moved to Davenport and we became friends. There was never a more genuine and honest person than Glen Elliott. His impact on me is immeasurable. One of my fondest memories of Glen was a trip he, my dad and I took to Nebraska to attend Dean Sanders' club calf sale. The world lost a great man, mentor and cattleman. Prayers for Judy and Matt in this difficult time.

“ As one of many, many high school students, I spent a countless number of hours, days, miles of highway in the cab of an Ag Pickup, with Glen. He was a true mentor to me and countless other young, transitioning and impressionable kids who are the beneficiaries of Glen's calm, cool but discerning nature. Glen could so passively choose to ignore or even chuckle at the stories we would share or the dumb choices we could make, in his presence. However, he also made disapproval quite apparent to all of us when the stories or behaviors were inappropriate. Glen loved us and we knew it. He and Jack Staats are greatly responsible for the success I've had in life and the ability I've had to make good decisions. There are so many other people who share the same influences and success and owe a lot of credit to this kind man. Thank you, Mr. Elliott, for believing in me and proving that believe with the energy and patience it took to direct and correct me, at a very challenging and pivotal time in my life.

“ It has always been wonderful to walk into work and Mr Elliott would always greet me with that wonderful smile. I've always thought of him as a man with a big heart and gentle soul. I liked him from the first day I met him and have been honored to work with him the past four years. It has always meant a lot to me that he and Judy attended our wedding and that he came to my mother's funeral. I will miss him every day.

“ As I wake up this morning, I am remembering a man I worked closely with for 19 years. Mr. Glen Elliott (Judy Elliott), Superintendent of Burlington School, passed away yesterday morning. Mr. Elliott was one of the kindest, most generous people I have ever known. He was also very competent when it came to school business and finances. He kept Burlington going during some very stressful lean financial times, while maintaining the level of excellence for which Burlington School is known. He truly loved Burlington School, and all its employees, and especially its students. Mr. Elliott was always concerned about the needs of both his employees and students. I could give so many examples! Burlington School and the community will certainly miss this man. Love you, Judy Elliott. Hugs to you and Matt and Jaxon.
