“ I very much enjoyed reading these tributes and thinking about the great times with Larry. A couple of stories come to mind: at one time, he had a '48 Ford. On a typical Alva stifling summer afternoon, we drove around town in his '48 with the windows rolled up. The object to see who gave up first. I don't remember who choked, but I do recall that we were all dripping with sweat. Another experience was many years later at his "country club" across from the roller mills. There, I learned how to fabricate, load, and ignite a potato gun, with some potatoes actually reaching the roller mills! I was impressed!

Upon reflection, Larry had the gift to be able to get along with just about everyone. He usually had a smile on his face and was always good for a couple of laughs, including the myriad of stories that were shared the last time I saw him at our 50th HS Reunion.

RIP, friend.

“ I was in the Air Force with Larry. He was Special. He was always on, he could make a stone fox laugh. One quick story, after a couple of years and after one trip overseas Larry got orders and we were separated as a group. I do mean a group as he always had a large following. Well to skip ahead we all run in to him in Naha, Okinawa and I swear it was like we had never been apart. Like we had been together the whole time. He had that manic about himself and I'm so grateful to have known him and blessed to have shared part of his life. Rest In Peace Brother. God Bless!

“ Larry was a special person along with being a teammate back in 1972. I remember how tough he was and that he and coach Parkhurst had a special relationship. Coach Parkhurst ask us one day how you could tell if you were a good player or not, and he told us that if we ever got hurt and he came out on the field that meant you were good in his eyes. Larry ran into the goal post one game and I never saw Coach Parkhurst run so fast in my life and I think Larry just looked with that Larry only "look"at coach and said, does this mean you think I am good football player. I don't ever remember Larry having a bad day, as he always had a smile on his face and had that special laugh. I always looked up to him and thought of him as a good friend and nobody is more loyal and true to NWOSU than he was. I know he will continue to look down on Ranger field and make sure all is taken care of.

“ Larry was a friend and fellow Goldbug. I remember the many days and nights we spent in Doug's car (the Porky haven touring wagon) terrorizing the countryside and having a blast. It was a privilege knowing and spending time with Larry. He was a veteran and served his country well. He will be missed. Our prayers are with Lizabeth, Jim, Sue, and all his family. Bobby Bratcher.

“ I have lost one of my best friends, I have so many memories but one that sticks out is when we were 16 and in the same room at the hospital getting our tonsils out, and the cheerleaders came to visit us and brought us sunflowers in beer bottles. When the preacher came by to see us I pretended to be asleep and let Larry explain the beer bottles. One time we got pulled over in Shattuck Okla. when we were about 17 on our way to Thanksgiving dinner in Higgins Texas and had to go to the police station, We had beer bottles on us and yes they were open I said what are we going to do with these beer bottles and he said give them to me, He had on his letter jacket and he stuck them in his sleeves and he stood there that hole time in the police station with those 2 bottles in his sleeves. These are just a few memories I could write a book, but no-one would believe it. Rest in peace my friend and my brother. To Lizabeth and the family I offer my condolences and a prayers..

“ We were all in the neighborhood together. Larry was such fun to be around. I think we all loved Larry. I remember one afternoon after school on a sunny day in the countryside in Foshent! George's car, you recall. Larry spent an hour teaching me to whistle really loud with my fingers in my mouth.

“ Growing up across the street from the Richey's, I have literally thousands of memories of Larry. I can still hear his mom calling them in for supper in the evening. I can still feel the Fall atmosphere when we played football over the whole neighborhood. We ran the two whole blocks to Washington many days together (he always won). Then it was the four to the Junior High. On into high school and running the hill. We ran, we laughed, we played. Oh, what a life we had. Rest now Larry. To Lizabeth and the family I offer my condolences and a prayer that they may be comforted over the coming days.
