“ *In my senior year of high school I was the student council president and being a member of student council came with the requirement of picking up trash along a mile stretch of highway 8 every year. Whilst picking up trash, one of the other student council members found a piece from the body of a Honda Gold Wing and showed it to me. After discovering what it was, I knew just who would be interested in it. So one day after school I brought it with me to the Aline Cafe where I worked at the time. As was normally the case, Bud was there with the afternoon coffee crowd. I showed Bud the part for the Gold Wing and he said he knew someone looking for a part just like it. I offered to give it to him, but instead of taking it for free he offered to buy it. I told him again he could just have it, but he insisted on buying it and asked me how much I wanted for it. I was a little surprised and said “OK, I’ll take \$20 for it.” Bud said it was a deal, handed me a \$20 bill and thanked me. I have always though it was a fair and honest thing for Bud to do, and reflecting back on it I also appreciate how it was a good example for a young man like me see and learn from. I was very sad to hear of his passing. Deepest condolences to all his friends and wonderful family.*

“ *Bud was such a delightful man! Every time we saw Bud & Cordelia, Bud was always smiling. He was a very kind man & will be missed by so many. I'm sure there are a lot of stories about Bud we don't know & he was probably a little mischievous in his time. Our deepest sympathy to all the family. Hugs & prayers, Dennis & Joreta Martin*

*Uncle Bud was our favorite "Uncle". Almost all of us got our first "wheels" with his help. He was a good and kind man with a great smile that showed in his eyes as well as a twinkle that was earned. He was good to and loved by all his niece's and nephew's and families. He was very loving and caring to his mother and sisters.  
Our heart-felt sympathy to Cordelia and all his family.  
He will be very missed by all who knew him.*
