“ *Chad was always a hard worker i had the pleasure of getting to know him for some years as we traveled working on oil storage tank repairs,Chad was a great welder. He loved his family and would talk about you all often.*

i would like to share a memory of Chad, we were working in Midland TX and Chad had asked if he could work on the weekend gathering up some scrap from our repair project i told him that would be fine Chad rented a trailer and a storage building and after work he would haul the scrap off and sort it (remove the plastic parts from the stainless steel) Some weeks later we were out shopping and looking at guns i told Chad i really like that Marlin 17HMR there. Long story short Chad offered to buy me that rifle and would not take no for an answer he thanked me for allowing him to make some extra money on the scrap and bought me the gun. I always think of him when i see it.

I am sorry for your loss Chad was a great man whom loved you all very much.
