“ *I worked with Delbert very closely during his time at bioMerieux. I would like to think we were more than coworkers. We were friends. At work he always was pleasant and very helpful. He always made my day better. He confided in me alot in his last years. I don&t think he ever recovered from the loss of Debbie. I was hoping he would return home to you, his family. He needed a reson to go on and to be around people that loved him. I will miss him greatly. I tried to let him know that he was important to me. Please feel comfort that he is no longer suffering physically or mentally.
With Deepest Sympathy,
Delbert&s Friend Carrie*

“ *Delbert and I were classmates at Alva High graduating in 1971. Delbert never really said much in class, kind of shy and quiet. What I do remember about Delbert was when something struck him funny, the little half grin. The same grin he has in his senior picture.*

“ Please accept my sympathy in the loss of your son and brother. I can not imagine the sadness that you are feeling. Delbert was a good guy. May you find comfort in knowing that he is now in a better place and free from pain.
