“ *Missing Gary, this man taught me how to rattlesnake hunt when I was just starting out. He was very enthusiastic informative while keeping us safe and fun. Enjoyed seeing him so many years every year handling snakes and I have a picture with him and his big pet burmese python. What an amazing life he lived full of excitement and a great storyteller. Rest in peace Gary.*

“ I'm so sorry for your loss but Garry is in a better place, he fought a long and tough battle. He was always up beat and cared about his family and friends, especially his grand kids, every time I talked to him he would say there was another on the way and I'd tell him there must be something in the water. The years that we worked together at Tinker were the best years of my career. I'll miss you buddy.
