“ John and I raced sports cars back in the early 80's while he was working at the Vo-tech. I happened to have two Triumph race cars and let John build and race my 2nd car for helping me mechanic on my car.

John and I traveled across Oklahoma and Kansas for a couple of years running different tracks. In 1982 John and I raced at Hallett in the same race as Paul Newman. We had a great time.

John did so well that he went to the National Championships one year in Atlanta Georgia. Unfortunately I wasn't able to go with him since I was working.

I miss the good times we had back then.

RIP, John

When I was in high school I also went to the Vo-Tech, on break I liked to hang out with Johnny and his class. He was a cool guy back then. He used to bring that up in later years. I always admired Johnny. Prayers for all. He was a special kind of person.
