“ *We called Clara and John to come to the lake house one year, at Canton Lake several years ago. They drove over and we just spent the day chatting about children, grandchildren and where life has taken us. It was nice to spend the day with them and catch up on old times. We have many wonderful memories of the farm and our get togethers with the Frech family..*

“ Growing up in Dacoma my family (Davison's) were very close to the Frech family. I have fond memories of the farm and always asking John if he would take me to go pet the peacocks. He would say "they can be mean" so instead he would give me peacock feathers. They always had baby kittens also and their farm was one of my favorite places to be. Clara and John have always been very dear friends to my parents Larry and Barbara Davison. My dad was a farm boy from Kansas, so I guess that is why him and John were so close and had so much in common. Today we celebrate John's long life and we will cherish the memories we made with him and his family..

Lots of Love and Hugs to Beth, Paul, Chris and David and all the grandchildren.
