*Kenny worked many years with my dad in the electrical business. They even formed their own electrical business together, D & K Electric. Kennedy's family became the Davison's family as well. The Davison girls babysat with the Myer's children then when the Davison girls had children the Myer's took care of our children. We all would go to the lake, fish, boat & have cookouts together! Kenny is very special to us. He was funny, handsome & full of orneriness! We will miss you dear friend! Condolences to his family and friends.
