“ *Max was our neighbor growing up. He used to come to our house and play with tommy. I had gone to see Bessie in 2010, when I was in Waynoka for the HS reunion and got to visit with her. I have a lot of fun, fond memories of Max, and I am so sorry for your loss.*

“ Max was away pulling something on somebody. I've see him jump 2 feet off the ground when you would goose him. Spent a lot of time around him when the kids were little. Going to miss him but I know he's not in pain now. Happy hunting on higher ground Max. Rest in peace. Till we meet again.
