“ *I had the honor and pleasure of meeting Bob for the first time when I came onboard as a rookie security officer at (then) Baptist Hospital in Oklahoma City, Oklahoma back in August 1992. I worked approximately 10 years with Bob there on the night shift. And, ooooo the stories (good and bad) that we had actually experienced together throughout the many together years doing a job that not very many people could or would want to do! There were times that we kind of had our "tiffs" and would occasionally get on one another's nerves. But, overall we got along quite well with each other. He could be stubborn from time to time, but then again that could be said for all of us. We are human, after all. I use to get tickled when I would get Bob "spun up and grumping and grumbling" at something I'd say or do on the job and then he would realize I was just poking fun at him (in a good natured sort of way) and he would break into that big ol' smile and chuckle at it. I miss those times, his smile, and that chuckle of his. He was a class act and there was only one "Bob Moore" that nobody will ever be able to replace. He was a treasured friend that I miss being around and hearing his life stories oooooh so many times over and over and over again! Rest In Peace my good friend and know that you are truly missed but NOT forgotten!*
