“ Terry was and always be a ray of light to me. I had the chance to take a ride to Alva with him. He drove 55 and we talked and laughted the whole time. And it didn't matter which way we went he told be the same stories, but I didn't mind. He always had to tell me about the 1st he came out of Jiffy Trip to see another person he knew from California. He'd stop by to check on us if he hadn't seen us. I will miss him now. But I know his wife was in heaven to greet him. Rest in peace my friend.
