So many fun memories of when we we're just kids and Vera was usually the instigator of most of them. So many times when the folks would go to town for groceries, they always tell us not to light the stove. As soon as they were gone, Vera would light the stove and make fudge . We would get it all eaten before our folks got home!

“ There are so many fun memories of Vera that it’s so hard to describe any one thing . We have laughed as we girls got older. When we were teenagers we called her Miss America because she always had to have her nails polished and her hair fixed! There are so many fun times with four sisters in one house!! We will miss you, Vera !! RIP 🙏🙏🙏🙏

Before she left to go to the hospital she put her makeup and lipstick on, fixed her hair and put on her perfume. She was always looking beautiful no matter how she felt.
